

SCS UK Ltd aim to provide an efficient professional quality service, using competent and well-resourced personnel, to maintain customer satisfaction whilst increasing its market share and profitability.

We aim to:

- Set quality and safety standards at or above the level required by our customers.
- Ensure compliance with the relevant statutory, regulatory and safety standards.
- Develop a Culture of Continuous Improvement and an Environment where our people feel valued.
- Value existing and new customers, maintain and seek to improve our performance by seeking feedback and dialogue.
- Identify areas and opportunities in the business that will provide prospects for improving our performance and reducing costs.
- Establish clearly defined objectives at relevant levels within the business.
- Encourage the participation of our customers, suppliers and relevant interested parties to contribute to help us identify improvement opportunities.
- Maintain training plans and seek to attract, employ, retain and develop skilled and committed staff capable of working to the highest quality and safety standards.
- Promote a Health and Safety Culture and a keen support of Environmental issues.
- Provide staff with appropriate tools, procedures and time to perform tasks in accordance with the job requirements.
- Develop strategic business relationships with key external providers.
- Make effective use of resources and do things right first time.
- Be an open, honest and straightforward company.
- Practice what we preach.

We encourage the participation of all our employees to contribute in helping us identify improvement opportunities and achieve the overall objectives of this policy:

Vision.

Services & Calibration Solutions (UK) Ltd will strive to be the supplier of choice which delivers high quality Inspection Equipment and Services for our customers and deliver value with integrity.
